DETAILED ACTION

Acknowledgements

The amendment filed on 05 July 2007 in response to the Office Action mailed on 07 May 2007 has been entered. The present Office Action is made with all the suggested amendments being fully considered. Accordingly, pending in this Office Action are claims 1-16.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In Claims:

Cancel non-elected claims 6-16.

Allowable Subject Matter

Claims 1-5 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The prior art of record taken either singly or in combination fails to anticipate or fairly suggest the limitations which the Applicant claims in claim 1 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103.

There was no prior art found by the examiner that suggested modification or combination with the cited prior art so as to satisfy the combination of the present independent claim 1; especially, the prior art does not provide a copper alloy layer formed on the diffusion barrier layer, the copper alloy layer including a material from about 0.5at% to about 15at%, which is used to form the diffusion barrier layer in combination with the diffusion barrier layer formed directly on the silicon-containing substrate, as recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
